ALEXANDER’S, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

1. Organization

Alexander’s, Inc. (NYSE: ALX) is a real estate investment trust (“REIT”), incorporated in Delaware, engaged in leasing, managing, developing and redeveloping its properties. All references to “we,” “us,” “our,” “Company” and “Alexander’s” refer to Alexander’s, Inc. and its consolidated subsidiaries. We are managed by, and our properties are leased and developed by, Vornado Realty Trust (“Vornado”) (NYSE: VNO).

2. Basis of Presentation

The accompanying consolidated financial statements are unaudited and include the accounts of Alexander’s and its consolidated subsidiaries. All intercompany amounts have been eliminated. In our opinion, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and changes in cash flows have been made. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) have been condensed or omitted. These condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q of the Securities and Exchange Commission (the “SEC”) and should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2015, as filed with the SEC.

We have made estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. The results of operations for the three and six months ended June 30, 2016 are not necessarily indicative of the operating results for the full year.

We currently operate in one business segment.

3. The Alexander Apartment Tower

The Alexander apartment tower, located above our Rego Park II shopping center, contains 312 units aggregating 255,000 square feet. The building is in lease up and we expect to reach stabilized occupancy in 2017.

4. Recently Issued Accounting Literature

In May 2014, the Financial Accounting Standards Board (“FASB”) issued an update (“ASU 2014-09”) establishing Accounting Standards Codification (“ASC”) Topic 606 *Revenue from Contracts with Customers* (“ASC 606”). ASU 2014-09 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most of the existing revenue recognition guidance. ASU 2014-09 requires an entity to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services and also requires certain additional disclosures. ASU 2014-09 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2017. In August 2015, the FASB issued an update (“ASU 2015-14”) to ASC 606, *Deferral of the Effective Date*, which defers the adoption of ASU 2014-09 to interim and annual reporting periods in fiscal years that begin after December 15, 2017. In March 2016, the FASB issued an update (“ASU 2016-08”) to ASC 606, *Principal versus Agent Considerations (Reporting Revenue Gross versus Net)*, which clarifies the implementation guidance on principal versus agent considerations in the new revenue recognition standard pursuant to ASU 2014-09. In April 2016, the FASB issued an update (“ASU 2016-10”) to ASC 606, *Identifying Performance Obligations and Licensing*, which clarifies guidance related to identifying performance obligations and licensing implementation guidance contained in ASU 2014-19. In May 2016, the FASB issued an update (“ASU 2016-12”) to ASC 606, *Narrow-Scope Improvements and Practical Expedients*, which amends certain aspects of the new revenue recognition standard pursuant to ASU 2014-09. We are currently evaluating the impact of the adoption of these ASUs on our consolidated financial statements.

In January 2016, the FASB issued an update (“ASU 2016-01”) *Recognition and Measurement of Financial Assets and Financial Liabilities* to ASC Topic 825, *Financial Instruments*. ASU 2016-01 amends certain aspects of recognition, measurement, presentation and disclosure of financial instruments, including the requirement to measure certain equity investments at fair value with changes in fair value recognized in net income. ASU 2016-01 is effective for interim and annual reporting periods in fiscal years beginning after December 15, 2017. We are currently evaluating the impact of the adoption of ASU 2016-01 on our consolidated financial statements.

ALEXANDER’S, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
(UNAUDITED)

4. Recently Issued Accounting Literature – continued

In February 2016, the FASB issued (“ASU 2016-02”) *Leases*, which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. ASU 2016-02 requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase. Lessees are required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases. Lessees will recognize expense based on the effective interest method for finance leases or on a straight-line basis for operating leases. The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance. ASU 2016-02 is effective for reporting periods beginning after December 15, 2018, with early adoption permitted. We are currently evaluating the impact of the adoption of ASU 2016-02 on our consolidated financial statements.

In March 2016, the FASB issued an update (“ASU 2016-09”) *Improvements to Employee Share-Based Payment Accounting* to ASC Topic 718, *Compensation—Stock Compensation* (“ASC 718”). ASU 2016-09 amends several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. ASU 2016-09 is effective for interim and annual reporting periods in fiscal years beginning after December 15, 2017. We are currently evaluating the impact of the adoption of ASU 2016-09 on our consolidated financial statements.

5. Related Party Transactions

As of June 30, 2016, Vornado owned 32.4% of our outstanding common stock. We are managed by, and our properties are leased and developed by, Vornado, pursuant to the agreements described below, which expire in March of each year and are automatically renewable.

In the event third-party real estate brokers are used, the fees to Vornado increase by 1% and Vornado is responsible for the fees to the third-party real estate brokers. Vornado is also entitled to a commission upon the sale of any of our assets equal to 3% of gross proceeds, as defined, for asset sales less than \$50,000,000 and 1% of gross proceeds, as defined, for asset sales of \$50,000,000 or more.

Other Agreements

We also have agreements with Building Maintenance Services, a wholly owned subsidiary of Vornado, to supervise (i) cleaning, engineering and security services at our 731 Lexington Avenue property and (ii) security services at our Rego Park I and Rego Park II properties.

The following is a summary of fees to Vornado under the various agreements discussed above.

Toys "R" Us ("Toys")

As of June 30, 2016, our affiliate, Vornado owned 32.5% of Toys. Toys leases approximately 47,000 square feet of retail space at our Rego Park II shopping center. Joseph Macnow, our Executive Vice President and Chief Financial Officer, and Vornado's Executive Vice President - Finance and Chief Administrative Officer and Wendy A. Silverstein, a member of our Board of Directors, represent Vornado as members of Toys' Board of Directors. During the six months ended June 30, 2016, we recognized \$1,309,000 of revenue related to the space leased by Toys.

6. Marketable Securities

As of June 30, 2016 and December 31, 2015, we owned 535,265 common shares of The Macerich Company ("Macerich") (NYSE: MAC), which were received in connection with the sale of the Kings Plaza Regional Shopping Center ("Kings Plaza") to Macerich in November 2012. These shares have an economic cost of \$56.05 per share, or \$30,000,000 in the aggregate. As of June 30, 2016 and December 31, 2015, the fair value of these shares was \$45,706,000 and \$43,191,000, respectively, based on Macerich's closing share price of \$85.39 per share and \$80.69 per share, respectively. These shares are included in "marketable securities" on our consolidated balance sheets and are classified as available-for-sale. Available-for-sale securities are presented at fair value and unrealized gains and losses resulting from the mark-to-market of these securities are included in "other comprehensive income."

7. Significant Tenants

Bloomberg L.P. ("Bloomberg") accounted for revenue of \$52,217,000 and \$46,586,000, representing approximately 46% and 45% of our total revenues for the six months ended June 30, 2016 and 2015, respectively. No other tenant accounted for more than 10% of our total revenues. If we were to lose Bloomberg as a tenant, or if Bloomberg were to be unable to fulfill its obligations under its lease, it would adversely affect our results of operations and financial condition. In order to assist us in our continuing assessment of Bloomberg's creditworthiness, we receive certain confidential financial information and metrics from Bloomberg. In addition, we access and evaluate financial information regarding Bloomberg from other private sources, as well as publicly available data.

In October 2014, Bloomberg exercised its option to extend leases that were scheduled to expire in December 2015 for a term of five years covering 192,000 square feet of office space at our 731 Lexington Avenue property. In January 2016, we entered into a lease amendment with Bloomberg which extends the lease term related to this space to be coterminous with the other 697,000 square feet of office space leased by Bloomberg through February 2029, with a ten-year extension option. In connection with the lease amendment, Bloomberg provided a \$200,000,000 letter of credit, which amount may be reduced in certain circumstances. We may draw on this letter of credit subject to certain terms of the lease amendment, including an event of default by Bloomberg. Upon execution of the lease amendment in January 2016, we paid an \$8,916,000 leasing commission of which \$7,200,000 was to a third party broker and \$1,716,000 was to Vornado.

8. Stock-Based Compensation

We account for stock-based compensation in accordance with ASC 718. Our 2016 Omnibus Stock Plan, which was adopted in May 2016 replacing the expiring 2006 Omnibus Stock Plan, provides for grants of incentive and non-qualified stock options, restricted stock, stock appreciation rights, deferred stock units (“DSUs”) and performance shares, as defined, to the directors, officers and employees of the Company and Vornado.

In May 2016, we granted each of the members of our Board of Directors 203 DSUs with a grant date fair value of \$56,250 per grant, or \$450,000 in the aggregate. The DSUs entitle the holders to receive shares of the Company’s common stock without the payment of any consideration. The DSUs vested immediately and accordingly, were expensed on the date of grant, but the shares of common stock underlying the DSUs are not deliverable to the grantee until the grantee is no longer serving on the Company’s Board of Directors. As of June 30, 2016, there were 8,505 DSUs outstanding and 498,376 shares were available for future grant under the 2016 Omnibus Stock Plan.

10. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures* defines fair value and establishes a framework for measuring fair value. ASC 820 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three levels: Level 1 – quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities; Level 2 – observable prices that are based on inputs not quoted in active markets, but corroborated by market data; and Level 3 – unobservable inputs that are used when little or no market data is available. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In determining fair value, we utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, as well as consider counterparty credit risk in our assessment of fair value.

Financial Assets and Liabilities Measured at Fair Value

Financial assets measured at fair value on our consolidated balance sheets as of June 30, 2016 and December 31, 2015, consist of marketable securities, which are presented in the table below based on their level in the fair value hierarchy, and an interest rate cap which fair value was insignificant, as of June 30, 2016 and December 31, 2015. There were no financial liabilities measured at fair value as of June 30, 2016 and December 31, 2015.

Financial Assets and Liabilities not Measured at Fair Value

Financial assets and liabilities that are not measured at fair value on our consolidated balance sheets include cash equivalents and mortgages payable. Cash equivalents are carried at cost, which approximates fair value due to their short-term maturities. The fair value of our mortgages payable is calculated by discounting the future contractual cash flows of these instruments using current risk-adjusted rates available to borrowers with similar credit ratings, which are provided by a third-party specialist. The fair value of cash equivalents is classified as Level 1 and the fair values of mortgages payable are classified as Level 2. The table below summarizes the carrying amounts and fair value of these financial instruments as of June 30, 2016 and December 31, 2015.

Insurance

We maintain general liability insurance with limits of \$300,000,000 per occurrence and per property, and all-risk property and rental value insurance coverage with limits of \$1.7 billion per occurrence, including coverage for acts of terrorism, with sub-limits for certain perils such as floods and earthquakes on each of our properties.

Fifty Ninth Street Insurance Company, LLC (“FNSIC”), our wholly owned consolidated subsidiary, acts as a direct insurer for coverage for acts of terrorism, including nuclear, biological, chemical and radiological (“NBCR”) acts, as defined by the Terrorism Risk Insurance Program Reauthorization Act, which expires in December 2020. Coverage for acts of terrorism (including NBCR acts) is up to \$1.7 billion per occurrence and in the aggregate. Coverage for acts of terrorism (excluding NBCR acts) is fully reinsured by third party insurance companies with no exposure to FNSIC. For NBCR acts, FNSIC is responsible for a \$348,000 deductible and 16% of the balance of a covered loss, and the Federal government is responsible for the remaining 84% of a covered loss. We are ultimately responsible for any loss incurred by FNSIC.

We continue to monitor the state of the insurance market and the scope and costs of coverage for acts of terrorism. However, we cannot anticipate what coverage will be available on commercially reasonable terms in the future. We are responsible for deductibles and losses in excess of our insurance coverage, which could be material.

Our mortgage loans are non-recourse to us and contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. If lenders insist on greater coverage than we are able to obtain, it could adversely affect our ability to finance our properties.

Rego Park I Litigation

On June 24, 2014, Sears Roebuck and Co. (“Sears”) filed a lawsuit in the Supreme Court of the State of New York against Vornado and us (and certain of our subsidiaries) with regard to space that Sears leases at our Rego Park I property alleging that the defendants are liable for harm that Sears has suffered as a result of (a) water intrusions into the premises, (b) two fires in February 2014 that caused damages to those premises, and (c) alleged violations of the Americans with Disabilities Act in the premises’ parking garage. Sears asserted various causes of actions for damages and sought to compel compliance with landlord’s obligations to repair the premises and to provide security, and to compel us to abate a nuisance that Sears claims was a cause of the water intrusions into its premises. In addition to injunctive relief, Sears sought, among other things, damages of not less than \$4 million and future damages it estimated would not be less than \$25 million. In March 2016, Sears withdrew its claim for future damages leaving a remaining claim for property damages, which we estimate to be approximately \$650,000 based on information provided by Sears. We intend to defend the remaining claim vigorously. The amount or range of reasonably possible losses, if any, is not expected to be greater than \$650,000.

Paramus

In 2001, we leased 30.3 acres of land located in Paramus, New Jersey to IKEA Property, Inc. The lease has a purchase option in 2021 for \$75,000,000. The property is encumbered by a \$68,000,000 interest-only mortgage loan with a fixed rate of 2.90%, which matures in October 2018. The annual triple-net rent is the sum of \$700,000 plus the amount of debt service on the mortgage loan. If the purchase option is exercised, we will receive net cash proceeds of approximately \$7,000,000 and recognize a gain on sale of land of approximately \$60,000,000. If the purchase option is not exercised, the triple-net rent for the last 20 years would include debt service sufficient to fully amortize \$68,000,000 over the remaining 20-year lease term.

Letters of Credit

Approximately \$2,074,000 of standby letters of credit were outstanding as of June 30, 2016.

Other

On October 15, 2015, the New York City Department of Finance (“NYC DOF”) issued a Notice of Determination to us assessing an additional \$20,500,000 of transfer taxes (including interest and penalties) in connection with the sale of Kings Plaza in November 2012. We believe that the NYC DOF’s claim is without merit and intend to vigorously contest this assessment. We have determined that the likelihood of a loss related to this issue is not probable and, after consultation with legal counsel, that the outcome of this assessment is not expected to have a material adverse effect on our financial position, results of operations or cash flows.

There are various other legal actions against us in the ordinary course of business. In our opinion, the outcome of such matters in the aggregate will not have a material effect on our financial position, results of operations or cash flows.

12. Earnings Per Share

The following table sets forth the computation of basic and diluted income per share, including a reconciliation of net income and the number of shares used in computing basic and diluted income per share. Basic income per share is determined using the weighted average shares of common stock outstanding during the period. Diluted income per share is determined using the weighted average shares of common stock outstanding during the period, and assumes all potentially dilutive securities were converted into common shares at the earliest date possible. There were no potentially dilutive securities outstanding during the three and six months ended June 30, 2016 and 2015.

Paramus, New Jersey

These interim financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Alexander's, Inc. and subsidiaries as of December 31, 2015, and the related consolidated statements of income, comprehensive income, changes in equity and cash flows for the year then ended (not presented herein); and in our report dated February 16, 2016, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of December 31, 2015 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. The results of operations for the three and six months ended June 30, 2016 are not necessarily indicative of the operating results for the full year.

Overview

Alexander's, Inc. (NYSE: ALX) is a real estate investment trust ("REIT"), incorporated in Delaware, engaged in leasing, managing, developing and redeveloping its properties. All references to "we," "us," "our," "Company," and "Alexander's", refer to Alexander's, Inc. and its consolidated subsidiaries. We are managed by, and our properties are leased and developed by, Vornado Realty Trust ("Vornado") (NYSE: VNO). We have seven properties in the greater New York City metropolitan area.

We compete with a large number of property owners and developers. Our success depends upon, among other factors, trends of the world, national and local economies, the financial condition and operating results of current and prospective tenants and customers, the availability and cost of capital, construction and renovation costs, taxes, governmental regulations, legislation, population trends, zoning laws, and our ability to lease, sublease or sell our properties, at profitable levels. Our success is also subject to our ability to refinance existing debt on acceptable terms as it comes due.

Square Footage, Occupancy and Leasing Activity

As of June 30, 2016, our portfolio was comprised of seven properties aggregating 2,437,000 square feet. As of June 30, 2016, our office and retail properties had an occupancy rate of 99.7% and The Alexander apartment tower, which is in lease up, had an occupancy rate of 77.2%.

Financing

In March 2016, we completed a two-year extension of the 100% cash collateralized loan on Rego Park I. The interest-only loan has a fixed rate of 0.35%.

Significant Tenants

Bloomberg L.P. ("Bloomberg") accounted for revenue of \$52,217,000 and \$46,586,000, representing approximately 46% and 45% of our total revenues for the six months ended June 30, 2016 and 2015, respectively. No other tenant accounted for more than 10% of our total revenues. If we were to lose Bloomberg as a tenant, or if Bloomberg were to be unable to fulfill its obligations under its lease, it would adversely affect our results of operations and financial condition. In order to assist us in our continuing assessment of Bloomberg's creditworthiness, we receive certain confidential financial information and metrics from Bloomberg. In addition, we access and evaluate financial information regarding Bloomberg from other private sources, as well as publicly available data.

In October 2014, Bloomberg exercised its option to extend leases that were scheduled to expire in December 2015 for a term of five years covering 192,000 square feet of office space at our 731 Lexington Avenue property. In January 2016, we entered into a lease amendment with Bloomberg which extends the lease term related to this space to be coterminous with the other 697,000 square feet of office space leased by Bloomberg through February 2029, with a ten-year extension option. In connection with the lease amendment, Bloomberg provided a \$200,000,000 letter of credit, which amount may be reduced in certain circumstances. We may draw on this letter of credit subject to certain terms of the lease amendment, including an event of default by Bloomberg. Upon execution of the lease amendment in January 2016, we paid an \$8,916,000 leasing commission of which \$7,200,000 was to a third party broker and \$1,716,000 was to Vornado.

This increase is primarily due to (i) income of \$2,257,000 resulting from a tenant lease termination at our Rego Park II property, (ii) rental income of \$1,470,000 from The Alexander apartment tower, which was placed in service in phases beginning July 2015 and (iii) higher rental income of \$842,000 from the January 2016 lease amendment with Bloomberg at 731 Lexington Avenue.

This increase is primarily due to (i) higher recoveries of real estate taxes and operating expenses from Bloomberg at 731 Lexington Avenue, as a result of the January 2016 lease amendment, which converted 192,000 square feet from a gross rent basis to a net rent basis and (ii) higher reimbursable real estate taxes.

This increase was primarily due to (i) higher operating expenses of \$1,134,000 related to The Alexander apartment tower and (ii) higher reimbursable real estate taxes of \$776,000; partially offset by (iii) lower reimbursable operating expenses of \$231,000.

Liquidity and Capital Resources

Cash Flows

Property rental income is our primary source of cash flow and is dependent on a number of factors, including the occupancy level and rental rates of our properties, as well as our tenants' ability to pay their rents. Our properties provide us with a relatively consistent stream of cash flow that enables us to pay our operating expenses, interest expense, recurring capital expenditures and cash dividends to stockholders. Other sources of liquidity to fund cash requirements include our existing cash, proceeds from financings, including mortgage or construction loans secured by our properties and proceeds from asset sales. We anticipate that cash flows from continuing operations over the next twelve months, together with existing cash balances, will be adequate to fund our business operations, cash dividends to stockholders, debt amortization and capital expenditures.

Cash and cash equivalents were \$235,753,000 as of June 30, 2016, compared to \$259,349,000 as of December 31, 2015, a decrease of \$23,596,000. This decrease resulted from (i) \$42,608,000 of net cash used in financing activities, (ii) \$13,727,000 of net cash used in investing activities, partially offset by (iii) \$32,739,000 of net cash provided by operating activities.

Net cash provided by operating activities of \$32,739,000 was comprised of net income of \$43,786,000, adjustments for non-cash items of \$20,341,000 and the net change in operating assets and liabilities of \$31,388,000 (primarily due to prepaid real estate taxes). The adjustments for non-cash items were comprised of (i) depreciation and amortization (including amortization of debt issuance costs) of \$18,981,000, (ii) straight-lining of rental income of \$910,000 and (iii) stock-based compensation expense of \$450,000.

Net cash used in investing activities of \$13,727,000 was primarily comprised of (i) construction in progress and real estate additions of \$11,146,000 primarily related to The Alexander apartment tower, including the payment of a development fee to Vornado of \$5,784,000 and (ii) an increase in restricted cash of \$2,581,000 primarily related to lease termination funds received that are temporarily restricted by the Rego Park II mortgage.

Commitments and Contingencies

Insurance

We maintain general liability insurance with limits of \$300,000,000 per occurrence and per property, and all-risk property and rental value insurance coverage with limits of \$1.7 billion per occurrence, including coverage for acts of terrorism, with sub-limits for certain perils such as floods and earthquakes on each of our properties.

Fifty Ninth Street Insurance Company, LLC (“FNSIC”), our wholly owned consolidated subsidiary, acts as a direct insurer for coverage for acts of terrorism, including nuclear, biological, chemical and radiological (“NBCR”) acts, as defined by the Terrorism Risk Insurance Program Reauthorization Act, which expires in December 2020. Coverage for acts of terrorism (including NBCR acts) is up to \$1.7 billion per occurrence and in the aggregate. Coverage for acts of terrorism (excluding NBCR acts) is fully reinsured by third party insurance companies with no exposure to FNSIC. For NBCR acts, FNSIC is responsible for a \$348,000 deductible and 16% of the balance of a covered loss, and the Federal government is responsible for the remaining 84% of a covered loss. We are ultimately responsible for any loss incurred by FNSIC.

We continue to monitor the state of the insurance market and the scope and costs of coverage for acts of terrorism. However, we cannot anticipate what coverage will be available on commercially reasonable terms in the future. We are responsible for deductibles and losses in excess of our insurance coverage, which could be material.

Our mortgage loans are non-recourse to us and contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. If lenders insist on greater coverage than we are able to obtain, it could adversely affect our ability to finance our properties.

Rego Park I Litigation

On June 24, 2014, Sears Roebuck and Co. (“Sears”) filed a lawsuit in the Supreme Court of the State of New York against Vornado and us (and certain of our subsidiaries) with regard to space that Sears leases at our Rego Park I property alleging that the defendants are liable for harm that Sears has suffered as a result of (a) water intrusions into the premises, (b) two fires in February 2014 that caused damages to those premises, and (c) alleged violations of the Americans with Disabilities Act in the premises’ parking garage. Sears asserted various causes of actions for damages and sought to compel compliance with landlord’s obligations to repair the premises and to provide security, and to compel us to abate a nuisance that Sears claims was a cause of the water intrusions into its premises. In addition to injunctive relief, Sears sought, among other things, damages of not less than \$4 million and future damages it estimated would not be less than \$25 million. In March 2016, Sears withdrew its claim for future damages leaving a remaining claim for property damages, which we estimate to be approximately \$650,000 based on information provided by Sears. We intend to defend the remaining claim vigorously. The amount or range of reasonably possible losses, if any, is not expected to be greater than \$650,000.

Paramus

In 2001, we leased 30.3 acres of land located in Paramus, New Jersey to IKEA Property, Inc. The lease has a purchase option in 2021 for \$75,000,000. The property is encumbered by a \$68,000,000 interest-only mortgage loan with a fixed rate of 2.90%, which matures in October 2018. The annual triple-net rent is the sum of \$700,000 plus the amount of debt service on the mortgage loan. If the purchase option is exercised, we will receive net cash proceeds of approximately \$7,000,000 and recognize a gain on sale of land of approximately \$60,000,000. If the purchase option is not exercised, the triple-net rent for the last 20 years would include debt service sufficient to fully amortize \$68,000,000 over the remaining 20-year lease term.

Letters of Credit

Approximately \$2,074,000 of standby letters of credit were outstanding as of June 30, 2016.

Other

On October 15, 2015, the New York City Department of Finance (“NYC DOF”) issued a Notice of Determination to us assessing an additional \$20,500,000 of transfer taxes (including interest and penalties) in connection with the sale of Kings Plaza in November 2012. We believe that the NYC DOF’s claim is without merit and intend to vigorously contest this assessment. We have determined that the likelihood of a loss related to this issue is not probable and, after consultation with legal counsel, that the outcome of this assessment is not expected to have a material adverse effect on our financial position, results of operations or cash flows.

There are various other legal actions against us in the ordinary course of business. In our opinion, the outcome of such matters in the aggregate will not have a material effect on our financial position, results of operations or cash flows.

Funds from Operations (“FFO”)

FFO is computed in accordance with the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts (“NAREIT”). NAREIT defines FFO as GAAP net income or loss adjusted to exclude net gains from sales of depreciated real estate assets, real estate impairment losses, depreciation and amortization expense from real estate assets and other specified non-cash items, including the pro rata share of such adjustments of unconsolidated subsidiaries. FFO and FFO per diluted share are used by management, investors and analysts to facilitate meaningful comparisons of operating performance between periods and among our peers because it excludes the effect of real estate depreciation and amortization and net gains on sales, which are based on historical costs and implicitly assume that the value of real estate diminishes predictably over time, rather than fluctuating based on existing market conditions. FFO does not represent cash generated from operating activities and is not necessarily indicative of cash available to fund cash requirements and should not be considered as an alternative to net income as a performance measure or cash flow as a liquidity measure. FFO may not be comparable to similarly titled measures employed by other companies. A reconciliation of our net income to FFO is provided below.

FFO for the Three and Six Months Ended June 30, 2016 and 2015

FFO for the quarter ended June 30, 2016 was \$30,999,000, or \$6.06 per diluted share, compared to \$24,642,000, or \$4.82 per diluted share for the prior year’s quarter.

FFO for the six months ended June 30, 2016 was \$61,249,000, or \$11.98 per diluted share, compared to \$49,778,000, or \$9.74 per diluted share for the prior year’s six months.

The following table reconciles our net income to FFO:

(Amounts in thousands, except share and per share amounts)	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Net income	\$ 21,767	\$ 17,341	\$ 43,786	\$ 35,163
Depreciation and amortization of real property	9,232	7,301	17,463	14,615
FFO	<u>\$ 30,999</u>	<u>\$ 24,642</u>	<u>\$ 61,249</u>	<u>\$ 49,778</u>
FFO per diluted share	<u>\$ 6.06</u>	<u>\$ 4.82</u>	<u>\$ 11.98</u>	<u>\$ 9.74</u>
Weighted average shares used in computing FFO per diluted share	<u>5,113,844</u>	<u>5,112,026</u>	<u>5,113,461</u>	<u>5,111,616</u>

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We have exposure to fluctuations in interest rates, which are sensitive to many factors that are beyond our control. Our exposure to a change in interest rates is summarized in the table below.

(Amounts in thousands, except per share amounts)	2016			2015	
	June 30, Balance	Weighted Average Interest Rate	Effect of 1% Change in Base Rates	December 31, Balance	Weighted Average Interest Rate
Variable Rate	\$ 911,654	1.83%	\$ 9,117	\$ 913,341	1.71%
Fixed Rate	146,246	1.54%	-	146,246	1.56%
	<u>\$ 1,057,900</u>		<u>\$ 9,117</u>	<u>\$ 1,059,587</u>	
Total effect on diluted earnings per share			<u>\$ 1.78</u>		

As of June 30, 2016 we have an interest rate cap with a notional amount of \$300,000,000 that caps LIBOR at a rate of 6.0%.

Fair Value of Debt

The fair value of our consolidated debt is calculated by discounting the future contractual cash flows of these instruments using current risk-adjusted rates available to borrowers with similar credit ratings, which are provided by a third-party specialist. As of June 30, 2016 and December 31, 2015, the estimated fair value of our consolidated debt was \$1,046,000,000 and \$1,054,000,000, respectively. Our fair value estimates, which are made at the end of the reporting period, may be different from the amounts that may ultimately be realized upon the disposition of our financial instruments.

Item 4. Controls and Procedures

(a) Disclosure Controls and Procedures: Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, our disclosure controls and procedures are effective.

(b) Internal Control Over Financial Reporting: There have not been any changes in our internal control over financial reporting during the fiscal quarter to which this Quarterly Report on Form 10-Q relates that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
